

# HIGH SCHOOL ORIENTATIONS

Are you ready to get a jump-start on your career? You can earn your high school diploma and an Associate Degree in an excellent career-training program at the same time, tuition free.

Interested students must attend an orientation for consideration of admittance into Bates' programs as a high school student.

During the Bates' Technical High School orientation, prospective students attend a career and education planning work-session that ties to our offerings. We provide an overview of the required forms, and student information needed to enroll successfully at Bates' Technical High School.
